Coloradoan staff and news services

Eheart Flooring and Design is moving from 192 Barberry Place in Loveland to the new 2534 business center in Johnstown.

The business will move to the new 30,000-square-foot showroom by the end of the year. The company outgrew the 10,000 square foot showroom it has had since 1994.

Eheart expects to expand commercial and residential product lines and to hire five or six new employees at the new location. Twenty-three employees work at Eheart Flooring and Design.

Eheart's design team sells window coverings, home decor, home furnishings and flooring supplies, including wood, stone, ceramic and other tiles. The business originally began as a one-man operation in 1979 on Cleveland Avenue in downtown Loveland.
